

The elegant Radisson SAS Media Harbour Hotel is in the thriving new district in the south of Düsseldorf, Medienhafen or Media Harbour.

The city's architecture is a blend of various shapes, sizes and colours and of the new and the old coexisting in harmony.

WELCOME

Designed to catch the spirit of the harbour, the Radisson SAS Media Harbour Hotel in Düsseldorf is an eye-catcher. Its extravagant V-shaped façade made from Brazilian slate is impressive and the generous panoramic windows make the slanting outer walls look transparent. Fountains and floral arrangements decorate the foyer onto Hammer Strasse, while white swathes of fabric are suspended between box trees, yews and beech by Zollhof.

SERVICE

We offer 100% Guest Satisfaction Guarantee that stems from our Yes I Can! service spirit. One Touch Service ensures that all guest service needs are taken care of at the touch of a button 24 hours a day. Free Broadband including high-speed and wireless Internet access is available throughout the hotel. In addition, we offer underground parking for 44 cars.

BAR & TRATTORIA

AMANO Trattoria is a creative take on the fusion of authentic Italian and Mediterranean cuisines. The Trattoria is light and airy with an attractive outdoor terrace and a separate dining room for private dinners.

A glazed, walk-in wine cabinet designed for intimate wine tasting and small events is one of our hotel's attractions. As is the AMANO lounge bar, which leads out onto a terrace and is ideal for summer barbecues and relaxing afternoons. In the winter, warm yourself in the cosy ambience of the hotel lounge and soak in the warmth of the fireplace with a nourishing drink.
